

# IT'S WACO Y'ALL!

## Waco Mammoth National Monument

Waco Mammoth National Monument sits within 100 acres of wooded parkland along the Bosque River surrounded by oak, mesquite and cedar trees. It is home to our nation's only recorded discovery of a nursery herd of Colombian (Pleistocene) mammoths. The mammoth fossils at Waco Mammoth National Monument are protected by a building called the Dig Shelter.

Tickets are not needed to enjoy the park, just to view the Dig Shelter on a guided tour. All tours lead to the Dig Shelter so you can enjoy our amazing fossils.
